

February 2018 Meeting of the Jefferson County Photo Club

Meeting Minutes for Feb. 2018

Minutes approved from last month

- Rip:
 - Art and Earth entry extended to Feb. 26
 - 5th Annual juried photo show opens entry in March
 - November is our annual club show in the Firehall space
- JD :
 - JD will clean sensors for you at next meeting
 - Make sure you have a full battery charge
 - Please RSVP with camera info so JD can be prepared
- **Next month's meeting will be a critique session guided by Alice**
 - **Limit to four images per person**
 - **Bring on a jump drive or photo large enough to be seen by group (this is in place of the large format discussion we had planned previously)**
- Next month challenge will be to bring in a new black and white image
- Tech talk:
 - Focused on digital enhancement and shutter flap
 - Journalistic purposes of image does not allow digital enhancement
 - Intent/use of image depends on if it is allowed
 - National Geographic has a no editing policy
 - Mechanical vs electronic shutter issues
 - Focus stacking discussion
 - Announcement about Luminar introduction as a photo processing software
- Presentation by Mellie, Peter and Rip on black and white images
 - Is color essential part of the image? Then more easily changed to b&w
 - But sometimes color is the subject
 - B&W can give better texture, highlights shape, form and pattern
 - B & W helps focus on composition
 - Photographers:
 - Ansel Adams
 - Margaret Burke White
 - August Sandler
 - Frederick Evans
 - Julia Anna Gospodarou
- Next months meeting will be held on Tuesday, March 13, 2018.
